The BBQ Option

We understand that every wedding is unique & we're committed to tailoring your food to match your vision. If a formal meal isn't your style, our BBQ menu's offer a chance to explore creative serving options **with** or **without** a table plan.

Featuring a delightful mix of flavours, add a casual touch with your meal cooked from our outdoor BBQ. Alternatively, if you'd prefer a table plan, we can create a laid-back atmosphere serving on a per table basis in sharing bowls.
